

Silkolene[®]

SILKOLENE CHAIN LUBE

Synthetic technology motorcycle chain lubricant

Description

An advanced synthetic technology chain lubricant specially designed for high performance motorcycle chains, resistant to high speed fling off and providing outstanding wear protection. Silkolene Chain Lube effectively penetrates the inner rollers and pins, seals the chain to combat the ingress of water and other contaminants thus increasing chain and sprocket life. Silkolene Chain Lubricant is quick drying, forms a strong thin oil film and provides good corrosion protection. Suitable for all chains including "O", "X" and Z ring types.

Application

- Ensure chain is clean and dry prior to applying Silkolene Chain Lube
- We strongly recommend the use of Silkolene Brake and Chain Cleaner prior to use
- Shake can well before application
- Apply sparingly to the whole length of the inside of a clean warm chain.
- Leave for a period of time (ideally a few hours) before use

- Wipe away excess
- Following application invert the can and spray for a few seconds to avoid clogging the nozzle

Advantages / Benefits

- Good antiwear and shock loading performance
- Good resistance to high speed fling off
- Resistant to water wash off
- Penetrates and evaporates quickly with excellent film forming properties
- Thin film formation resists dirt adhesion
- Good corrosion protection
